

4. Call for Green Fund Proposals

- D. Smyth revised the Green Fund Proposal Guidelines based on the GUPC's comments during February 19 meeting
-

- D. Smyth concerned that UNBC has not completed a comprehensive sustainability assessment which is crucial to setting targets and making progress towards goals
- D. Smyth identified the Sustainability, Tracking, Assessment and Rating System (STARS) as the most inclusive assessment framework
- A. Fredeen suggested that once the initiative has been advanced over the next year, we can assess our progress
- D. Smyth suggested that parts of the assessment can be completed through course credit (i.e. Environmental Studies course requirements)
- Z. Meletis suggested that social research methodology classes
